MONEY! MONEY!! MONEY!! We must have money! We have a large amount due upon our books, and for a Printer to pay ten per cent. for for collections, knocks his prospects into pe; but we must have money!-to make costs in these bard times, is a thing we abhor, but we simply by the agency of natural causes, must have money! We hope, therefore, and from these miracles of creation I atour friends will rol! along the rocks.

The President's Message. We published last week, without con

ment, President Buchanan's Message. As a state paper it is lengthy and in algustive, full of history, full of facts, full of recomendations, some of which are commendable, some important, but most of "creation of organic life," or the first man them impracticable and inexpedient. Like and woman, or the first pair of animals a vanquished tiger Mr. Buchanan reviews was a miracle, in the common acceptation his Kansas attack, laboring valiantly to of the term; but, that it is part and parcel convince the "people" that he was right of a series of acts of supreme power and and they were wrong; thus justifying and infinite wisdom, which personified, means Your profession as Teachers is increasreaffirming his monstrous Lecompton pol- God. Slavery with all its corrupting concemitants is forever fixed upon it. Its temperature is such (being on an average 87 degrees) as to make it impossible that any other than slave labor could be successfully prosecuted.

Are the people of the United States then, prepared to annex her under these circumstances? Are they prepared to incorporate this foreign unfreedomized and repulsive element into our government? Are they prepared to bestow upon these enervate Spaniarde and vascillating Frenchmen, a voice in the destiny of our country? Are they prepared to open another stronghold for the slave power and extend that greatest of national evils for the sake be maturely weighed.
